

STRESS TEST REPORT

Inbound File Processing

Relatorio de Performance e Capacidade

ID do Teste: a1c6fba3

Data/Hora: 15/12/2025 15:01:24

Ambiente: QA Portal - Track Trace RX

Tipo de Teste: Parallel Upload (10 sessions)

Resumo Executivo

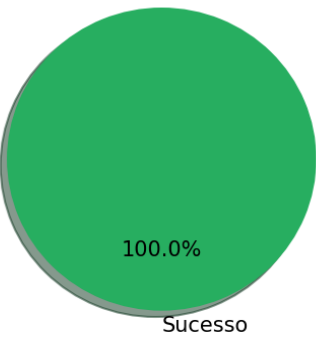

100.0%	2.4s	46.93	200
Taxa de Sucesso	Tempo Medio/Arquivo	Arquivos/Minuto	Total Processados

Status Geral: EXCELENTE

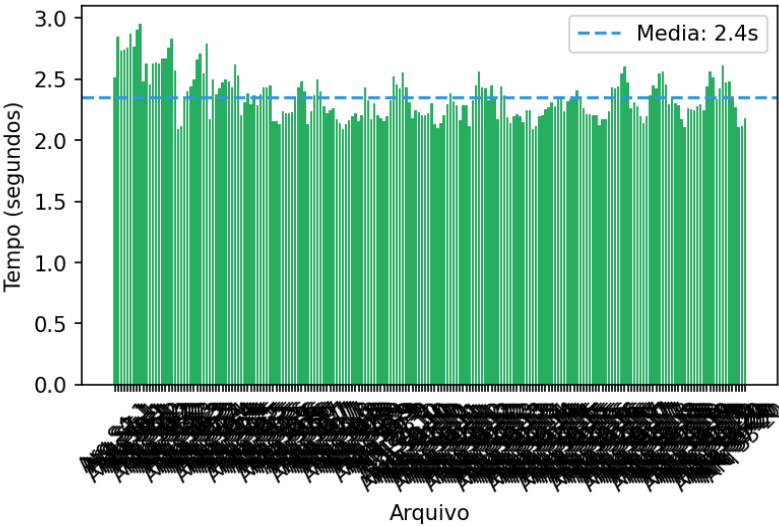

O teste de stress processou **200 arquivos** em **255.7 segundos** (4.3 minutos). A taxa de sucesso foi de **100.0%**, com **200 arquivos processados com sucesso** e **0 falhas**. O tempo medio por arquivo foi de **2.4 segundos**, resultando em uma capacidade de processamento de **46.93 arquivos por minuto**.

Analise e Recomendacoes

Performance:

O tempo medio de 2.4s por arquivo e EXCELENTE. O sistema esta performando de forma otima.

Confiabilidade:

Sistema com ALTA confiabilidade. Taxa de sucesso proxima de 100%.

Capacidade Estimada:

Com base nos resultados do teste: - **Por hora:** ~2816 arquivos - **Por dia (8h):** ~22524 arquivos

Recomendacoes:

1. Sistema operando dentro dos parametros esperados. Manter monitoramento regular.
